Visualization Dashboard Test Assignment

The objective of this assignment is to create a data visualization dashboard as per as instructions given below.

Data

Data.csv

Data Visualization Dashboard

- Use data given in Data.csv
- Create a database (of your interest such as mongodb, postgresql, sql, Mysql) from the Data.csv data given.
- Use Java as the backend, and react.js or angular.js as a frontend to design and develop a dashboard
- For charts or visualizations, you can use either of the following:
 - o D3.js (recommended)
 - o chart.js
 - o fusioncharts
 - o plotly.js
 - o google charts
 - o highcharts
 - o etc.

- You must use the given data only.
- Develop any creative visualization that you like most, using provided data in csv.
- Interactive graphs, charts, and visuals are recommended
- The dashboard should read the data from the database.
- Create API in java/spring boot to get data from the database

Important variables to be visualized

- Intensity
- Likelihood
- Relevance
- Year
- Country
- Topics
- Region
- City

Filters in the dashboard

- Add end year filter in the dashboard
- Add topics filters in the dashboard
- Add sector filter in the dashboard
- Add region filter in the dashboard
- Add PEST filter in the dashboard
- Add Source filter in the dashboard
- Add SWOT filter in the dashboard
- Country
- City
- Any other control or filters that you can add from the data, best of your knowledge

Some Examples of the Dashboard

1. <https://pixinvent.com/demo/vuexy-vuejs-admin-dashboard-template/demo-2/dashboards/analytics>
2. <https://pixinvent.com/demo/vuexy-vuejs-admin-dashboard-template/demo-2/charts/apex-chart>
3. <https://pixinvent.com/demo/vuexy-vuejs-admin-dashboard-template/demo-2/charts/chartjs>

Where to submit it?

To submit your solution, please fill out this google sheet and upload your article to google drive, and share the drive URL in the google sheet: <https://forms.gle/YBV6Xka5WsrPwYsB8>

Timeline

Timeline: 8 Days. The Sooner is better.

Questions?

Text message on Skype id “ajay_1229” if you have any questions.
